Grazing Education Team Survey

Q2 Please provide suggestions for "experts" to present the topics in the list above. Please be sure to indicate which topic the suggested expert would present on.

Answered: 6 Skipped: 4

#	Responses	Date
1	Grazing in cow-calf systems: Joe Sellers Models for ownership/mgmt: Dick Cates, Steve John Grass-based farm financials: include PP's Grassfed Beef Decision tool; Larry Tranel, Warren King Define "Good Grazing": Laura Paine AHSD grazing: Allen Williams	3/11/2015 12:41 PM
2	Models for ownership - Lee Schulz or Patrick Gunn, ISU Basic info and ,materials - Brian Peterson, Iowa NRCS grasslands conservationist (retired)	3/10/2015 5:06 PM
3	Keif Keele - Silvopasture Anders Gunder - Mob grazing Adaptive	3/10/2015 3:56 PM
4	I really like "farmer" experts. I think we have a lot of experienced grazers in the 4 state area we could contact. Keith Eckstrom in Fillmore county is one. But also Laura and Rhonda. We should create a list of any experienced grazers we can think would do a good job of sharing their experiences. Gabe Brown in ND or others like him too. Contact NRCS in each state for their contacts. John Zinn in Rochester office is one.	3/6/2015 10:32 PM
5	Olaf Haugen on grazing cc Larry Tranel on the decision tool or can Rod Ofte? Howard Moechnig, John Zinn, Allen Williams on the basics- Moechnig & Zinn know the upper Midwest if that matters. Jay Fuhrer or Todd McPeak on anything related to grazing and soil health - I didn't hear Todd in Wisc in January - new face on the topic. Good to pair with farmers - for example, Luke Tessum dealing with invasives with his cattle rather than chemicals; Vnce Haugen or Laura Paine might know others. This topic is a good one to bring on a goat producer? City of Rushford hired goats to do this - can get a name as needed. Models of ownership etc - Laura Paine on custom grazing coupled with Doug Piltingsrud or her own good folks	3/6/2015 7:43 PM
6	AHSD grazing = Allen Williams Silvo pasture = Diomy Z. Fencing = Kent Solberg Grassfed beef decision tool = Rod O. Grazing basics and models for ownership = Laura Paine Integrating livestock into cropping systems = Kent Solberg Grazing cover crops - Meghan Filbert Grazing cow/calf = Joe Sellers or Jim Paulson	3/6/2015 1:14 PM

Grazing Education Team Survey

Q3 Please provide UP TO 3 suggestions for webinar topics NOT included in the ranked list of topics and provide "expert" suggestions for each of your additional topics if available.

Answered: 7 Skipped: 3

#	Responses	Date
1	Managing fescue - Craig Roberts, Missouri Watering systems for grazing - Shawn Shouse, ISU Using the NRCS Web Soil Survey when developing grazing plans	3/10/2015 5:06 PM
2	Common misconceptions of students and how to counter them (not sure who; ideally active discussion) Marketing for grass-fed Genetics for grass-finishing (Allen Williams)	3/10/2015 3:58 PM
3	Grass fed beef genetics -Kit Pharo	3/10/2015 3:58 PM
4	Trout stream improvement with pasturing- Dave Vetrano	3/10/2015 3:56 PM
5	Nutrition considerations in grazing systems. Jim Paulson Business management, bookkeeping and contracts. A good farm business person; Jack Lavalla in St.Charles, MN	3/6/2015 10:32 PM
6	NOTE: these might piggy back nicely with above *role of short season corn to integrate grazing cover crops into row cropped fields *marketing of grass-fed meats - GrassRun Farm's Ryan or Kristine Jepson, Hilltop Family Farm's Tom or Sara Austin, 1000 Hills' farm manager or either of the Todds *riparian grazing - Allen maybe, Jeff Hastings from a stream health viewpoint	3/6/2015 7:43 PM
7	Using pasture/grazing stick w/ dot grid system - Sara Flack Rigging your 4-wheel or quad for efficient portable fencing - Allen W.and/or panel Innovative water systems - This could be a panel with details on construction/use/limitation. Offer a list of as many creative options as we have seen or have experience with so we can share those options with producers. Getting more digistable energy for your livestock out of your grazing systems	3/6/2015 1:14 PM
